

Want a really effective
accounting function?
But snowed under with
paperwork and compliance?

Get access to
true expertise

Steer through the
regulatory minefield

Remove the
processing headaches

Get reliable data for
key business decisions

RPG

With you every
step of the way

Talk to RPG Business Services.

These days, everyone knows that state-of-the-art support is vital on the accountancy front if any business is to run at its best.

There's a raft of information you need. And a pile of legislation you have to know about. Every Budget brings more change to the legislative maze. The associated admin and processing can turn out to be a real headache. And you can still find yourself stuck without the data you really need when under pressure with a key business decision.

But in a real world business – time, cost, and other commitments can stand in the way of building up a strong in house accounting system.

You should talk to RPG Business Services.

As part of Royce Peeling Green, Chartered Accountants, with over 100 years experience of providing hard working support for owner managed businesses in the North West, RPG Business Services is set up to provide all the back up you'll need – every step of the way. From initial business planning and start up, through to all aspects of book keeping,

payroll, tax and VAT – and on into full cash flow information and complete management accounts. You can always keep track of just what's going on.

It all frees you to get on with the job of running the business.

And at RPG, junior people are responsible for junior tasks. With senior people reserved for the key decisions. That way, you only pay for what you need. And you can choose whether we come in and do it for you in house, or whether we run it for you centrally from the RPG Head Office in Manchester.

Either way, you get full access to a personal team dedicated to delivering the accounting standards you need – whatever your circumstances. At RPG, business services follow our clients, not the other way round.

So if you're looking to gain control of your accountancy problems, and rid yourself of the burdens, talk to Kevin O'Brien (kobrien@rpg.co.uk) or Peter Buckley (pbuckley@rpg.co.uk) at RPG Business Services on 0161 608 0000.

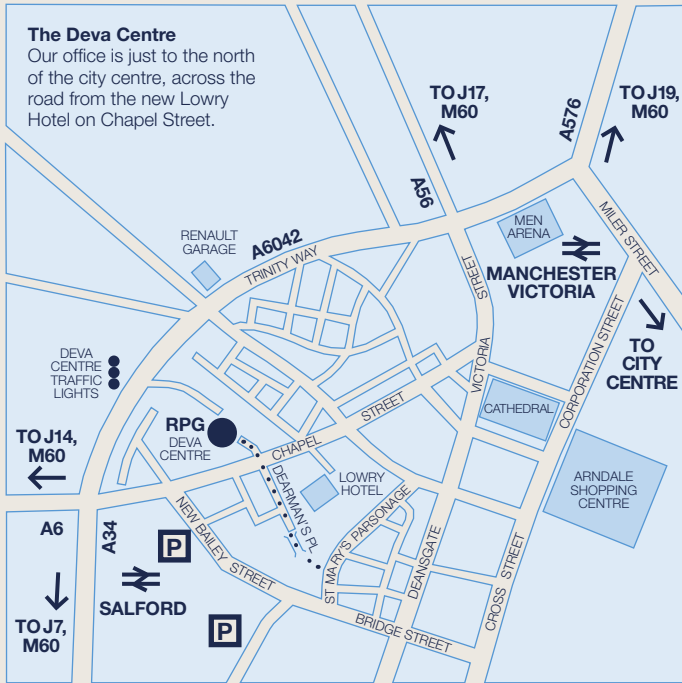

They'll be glad to help.

Directions

By Car

You can park literally outside the door by prior arrangement with our switchboard. To approach, you need to be on Trinity Way, which runs from the MEN Arena round the north of the city centre to join the Mancunian Way at the bottom of Regent Road.

Coming from either direction you will see a sign for the Deva Centre which has its own set of traffic lights. Simply follow the road round into the car park where security will direct you.

On Foot

If you are on foot or have parked at one of the places marked on the map, the Deva Centre is best approached either by walking along Chapel Street, or crossing the pedestrian bridge which runs from St Mary's Parsonage and onto Chapel Street via Dearman's Place (formerly Brown Street). Just opposite Dearman's Place you will see a pedestrian tunnel leading under the railway arch. Go to the gate and contact security via the intercom. On entering we are on the left hand side.
