

A photograph of a staircase with a metal handrail and a wall-mounted light fixture. The staircase is made of dark grey steps and is set against a light grey wall. The handrail is made of polished metal and runs diagonally across the frame. A small, rectangular, wall-mounted light fixture is visible on the wall between the handrail and the stairs. The lighting is soft, creating subtle shadows on the wall and stairs.

Grappling with an  
underperforming business?  
Looking for a financial  
restructuring?

**RPG**

With you every  
step of the way

# Talk to RPG.

**Trading in today's conditions can be tough enough – especially if you are under pressure and you want to protect an underperforming business from a formal liquidation. Are you looking to restructure or turn a business around?**

You should talk to RPG.

RPG knows that the key to survival in these situations depends on early remedial action with a set of revitalised and positive financial controls.

RPG is a firm who can act as a skilled third party, who can not only get you through the right financial and legal procedures, but can act as a detached and objective advisor with a really constructive point-of-view.

RPG's starting point is to attempt to identify a way to save the business and minimise the emotional and financial damage to all concerned. The earlier we can apply our expertise, the quicker the benefits.

We find this can make all the difference.

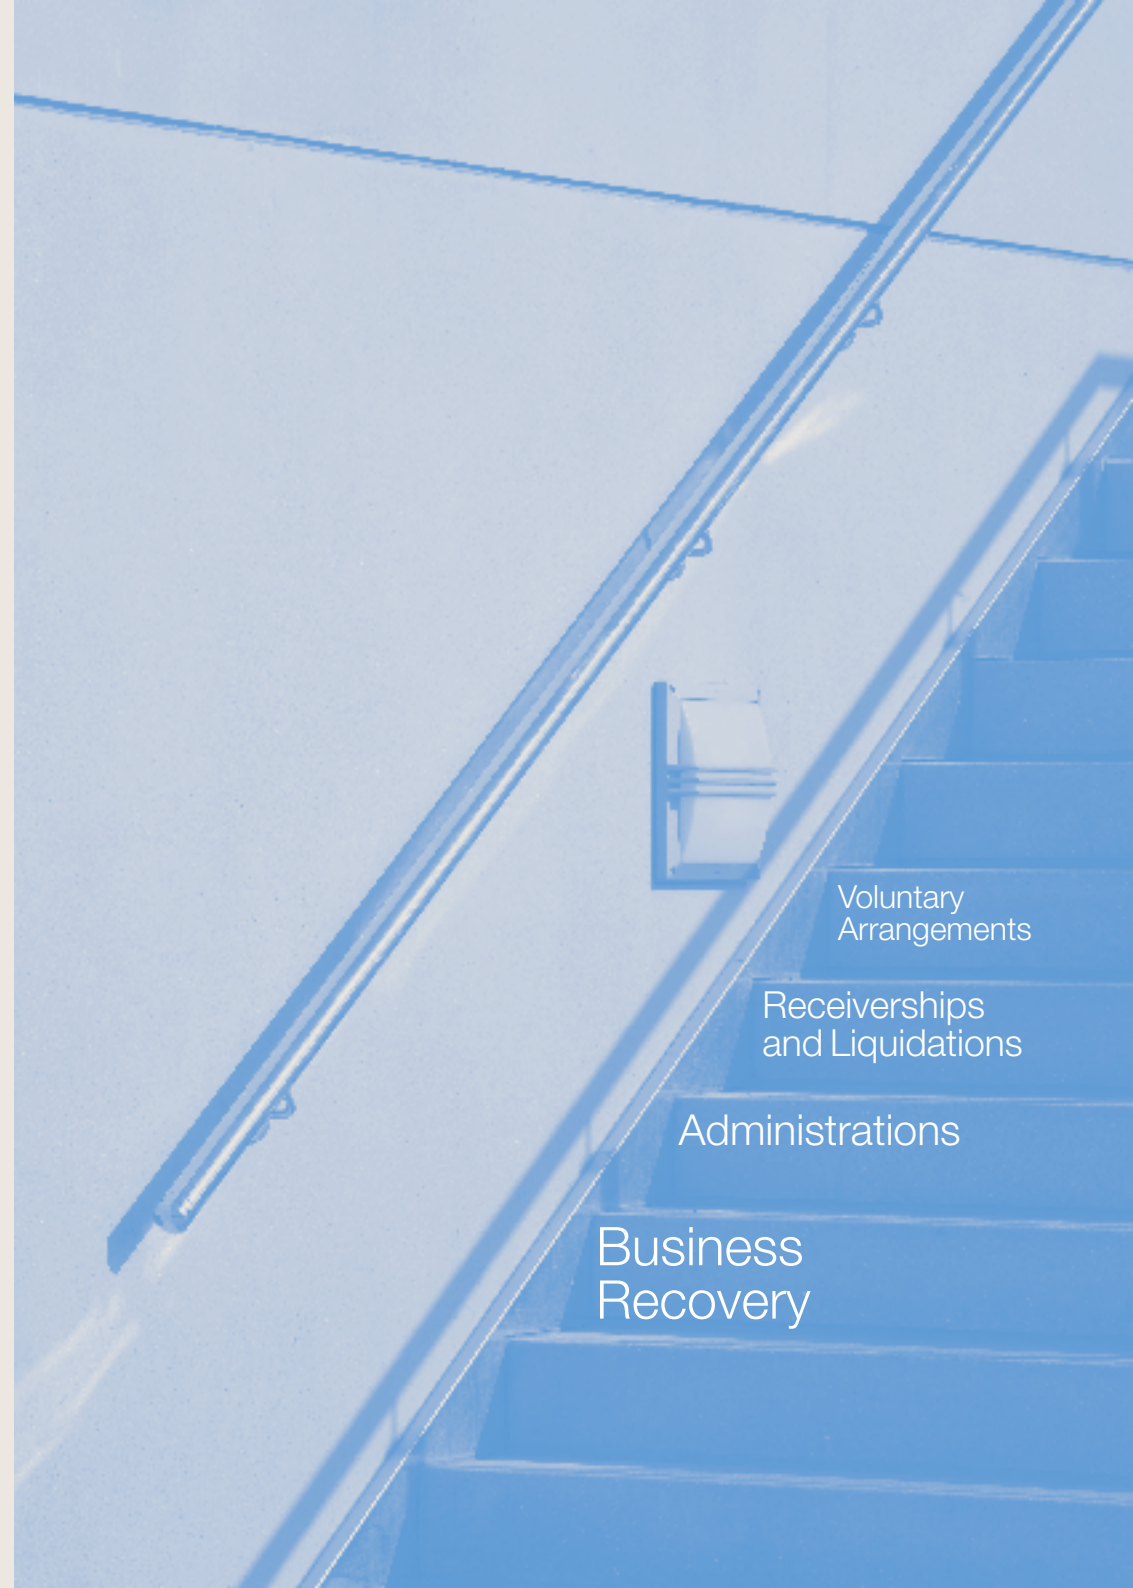

We advise on all aspects of business recovery and insolvency – from advice to company directors, to administrations, receiverships, all forms of liquidations - as well as company and individual voluntary arrangements and bankruptcy.

As part of Royce Peeling Green, Chartered Accountants with over 100 years experience of providing hard working support for owner managed businesses in the North West, our business recovery and insolvency practice is there to provide you with all the back up you'll need – and at sensible down-to-earth costs.

That's why we say, 'RPG – with you every step of the way.'

So if you want to get control of a recovery situation, and get real help with associated problems, talk to Rod Withinshaw ([rwithinshaw@rpg.co.uk](mailto:rwithinshaw@rpg.co.uk)) or Peter Jones ([pjones@rpg.co.uk](mailto:pjones@rpg.co.uk)) at RPG.

They'll be glad to help.

## Directions

### RPG in Manchester

### RPG in St Asaph, Wales

### By Car

You can park literally outside the door by prior arrangement with our switchboard. To approach, you need to be on Trinity Way, which runs from the MEN Arena round the north of the city centre to join the Mancunian Way at the bottom of Regent Road.

Coming from either direction you will see a sign for the Deva Centre which has its own set of traffic lights. Simply follow the road round into the car park where security will direct you.

### On Foot

If you are on foot or have parked at one of the places marked on the map, the Deva Centre is best approached either by walking along Chapel Street, or crossing the pedestrian bridge which runs from St Mary's Parsonage and onto Chapel Street via Dearman's Place (formerly Brown Street). Just opposite Dearman's Place you will see a pedestrian tunnel leading under the railway arch. Go to the gate and contact security via the intercom. On entering we are on the left hand side.

### By Car

If coming from Manchester take the M56 to the end and bear left. Take the A5117 changing to the A55 and follow the signs to Conwy/North Wales. Leave the A55 at Junction 26 sign-posted to St Asaph Business Park. Bear left on the roundabout at the end of the slip road. Bear right at the next roundabout. Bowen Court is well sign-posted approx 500m on the left. RPG is some 25m into Bowen Court on the right hand side. Parking is available in front of the premises.
